TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Newport, qualified to vote in Town affairs: You are hereby notified and warned to meet at the Town Hall in said Town of Newport, on the second Tuesday of March, next, at nine o'clock in the forenoon to act upon the following subjects:

Article 1. To elect a Selectman for a term of three years; to elect a Town Treasurer and a Town Clerk for the ensuing year.

ARTICLE 2. To elect a Member of the Trust Fund Commission for three years, one Water and Sewer Commissioner for three years, one Cemetery Commissioner for three years, a Collector of Taxes, Road Agent, and all other Officers, Auditors, Agents and Committees necessary for the Town Business.

ARTICLE 3. To hear the reports of the Selectmen, Town Treasurer, Auditors and Committees heretofore chosen and pass any vote relating thereto.

ARTICLE 4. To raise and appropriate such sums of money as may be necessary for the payment of Town Charges for the year ensuing.

ARTICLE 5. To raise and appropriate such sums of money as may be necessary for the payment of Town Officers' Salaries and Expenses; Expenses of the Municipal Court, and Maintenance of the Town Hall, and Election and Registration Expenses.

ARTICLE 6. To raise and appropriate such sums of money as may be necessary for the payment of the Town Debt, and defraying the Interest thereon for the year ensuing, and pass any vote relating thereto.

ARTICLE 7. To see if the Town will vote to raise and appropriate the sum of $1,250.00 for the maintenance of Cemetaries for the year ensuing.

ARTICLE 8. To raise and appropriate such sums of money as may be necessary for the Maintenance of the Poor;

for Parks and Playgrounds, and pass any vote relating thereto.

ARTICLE 9. To raise and appropriate such sums of money as may be necessary for building and repairing Highways and Bridges and pass any vote relating thereto.

ARTICLE 10. To see if the Town will ask State Aid for the purpose of making permanent improvements on the Highways, raise and appropriate $3,549.75 therefor, and pass any vote relating thereto.

ARTICLE 11. To see what sum of money the Town will vote to raise and appropriate for the construction and repairs of sidewalks and pass any vote relating thereto.

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of $6,500.00 for the maintenance of the Trunk Line Highways in the Town, the State contributing an equal amount, and pass any vote relating thereto.

ARTICLE 13. To see if the Town will vote to raise and appropriate $3,000.00 for maintenance of the State Aid Roads, a like amount being contributed by the State Highway Department for this purpose, and pass any vote relating thereto.

ARTICLE 14. To see if the Town will instruct the Selectmen to appoint a Police Force in Newport, designate the hours of Service, and salary for same, raise and appropriate money for that purpose, and pass any vote relating thereto.

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of $800.00 for the support of the Newport Cadet Band, to be paid to the Treasurer of the Band at the discretion of the Selectmen, provided the Band give a series of open air concerts during the Summer Season.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on notes of the Town, in anticipation of taxes, and pass any vote relating thereto.

ARTICLE 17. To see if the Town will allow a discount on taxes paid prior to June 15th and September 1st, fix the amount of such discount, and pass any vote relating thereto.

ARTICLE 18. To see what sum of money the Town will vote to raise and appropriate for lighting the Streets of Newport, and pass any vote relating thereto.

ARTICLE 19. To see what sum of money the Town will

vote to raise and appropriate for the maintenance of the Fire Department, and pass any vote relating thereto.

ARTICLE 20. To see if the Town will appropriate the sum of $200.00 for the expense of Memorial Day, and pass any vote relating thereto.

ARTICLE 21. To see if the Town will vote to raise and appropriate the sum of $400.00, twenty-five per cent of the amount being contributed in addition by the State Forestry Department, for the control of White Pine Blister in the Town.

ARTICLE 22. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Sewer System for the year ensuing.

ARTICLE 23. To see if the Town will vote to instruct the Selectmen to purchase pumping apparatus for the use of the Fire Department, at an exense not to exceed $7,000.00, and raise and appropriate such an amount as may be necessary to carry this vote into effect, and that the Selectmen and Town Treasurer be authorized to issue notes of the Town, signed by the Selectmen and Town Treasurer, at such rate of interest as they may determine, said notes to be issued in compliance with the Statutes of the State.

ARTICLE 24. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Water System for the ensuing year.

NEW CONSTRUCTION

Service pipes have been laid to 12 additional houses during the year.

Complying with votes of the Town at the last annual meeting, the following work has been done:

Nine hundred and twenty-nine feet of 6 inch pipe has been laid on Oak Street crossing the river and extending to the corner of Oak and Union Streets, and a hydrant placed at this point. Six hundred and seventy-five feet of 2 inch cast iron pipe has been laid from the corner of Oak and Union Streets to the residence of Lucien Booth on Oak Street. Seven hundred and eighty-three feet of 2 inch pipe has been laid on Union Street from the corner of Union and Oak Streets to near the corner of Union and Pine Streets.

A new dam has been built at Gilman Pond in accordance to specifications approved by the Public Service Commission and the old dam removed.

Three hundred and ninety-five feet of 6 inch pipe has been laid on Green Road and a hydrant placed at the corner of Green Road and Walnut Street.

The following is the cost of the above mentioned construction:

REPORT OF HEALTH OFFICER

To the Board of Selectmen:

I hereby submit the annual report of the Health Department, of the Town of Newport, covering the activities for the year ending December 31, 1928:

With the exception of scarlet fever the town has been exceptionally free from the more contagious diseases.

There were fifteen cases of scarlet fever, mostly during the months of March, April and May. The disease was brought into town by visitors from neighboring towns. Nearly half of the cases were in North Newport.

An effective quarantine was maintained in every known case. No case was traced as coming from a home after quarantine was established.

After every case the premises were thoroughly fumigated.

The state law requires that when any person knows or has reason to believe that any member of the family or household has any of the communicable diseases, he shall if there is no physician present, give notice to the health officer either in writing or person within twenty-four hours.

During the past year there were six cases of diphtheria, four of whooping-cough, nineteen of measles, one infantile paralysis, three chicken pox, twenty-one tuberculosis and nine venereal diseases.

A number of samples of food and beverages were sent in to the state laboratory for examination. In one case sweet cider was found to be contaminated with acids of a dangerous nature, making it dangerous to drink. This case was turned over to the state health department, which made an investigation and took the matter up with the responsible local parties.

There were thirty-eight calls to investigate nuisances, also nine calls to investigate tenements insufficiently protected from the cold and inclement weather.

The venereal diseases are reported in larger numbers than formerly, as the sufferers realize that they are under treatment as a health and not as a punitive measure.

In some cases among the younger people, the town has had to bear the expense of the treatment. The treatment is com-

pulsory, as this is the law. You cannot compromise with venereal disease, unless cured, only one result—the destruction of the human body. Unless driven out it will spread and grow, sapping the strength, undermining the health. Self treatment does not get results. A competent physician can give the right treatment. Venereal disease can be cured.

The town drinking water was examined four times during the year and found to be un-contaminated and of good quality. In January, after the rain storms, there was a peculiar taste to the water. This was due, according to the state chemist to the snow-water, on the ice at Gilman Pond, flooding into the water system of the town.

We were fortunate in procuring a new location for the town dump. The old dump was both unsightly and unsanitary. Many complaints were registered by the residents on account of the offensive odors drifting southward over the town, from the burning refuse. Its proximity to Wilmarth Park rendered it a danger to the stately pines, while its nearness to the state highway unfavorably impressed visitors, coming into Newport from the north.

Signs prohibiting the dumping of garbage and refuse on the banks and from the bridges over Sugar River, were posted. This resulted in a marked improvement in this respect. The depositing of rubbish, old papers and boxes on or near a highway, is strictly against the law.

The state health agencies continue to help us with their activities. The County Tuberculosis nurse, with our local public health nurse, assisted Dr. Kerr in four health clinics in Newport during the past year. These clinics were well attended and have resulted in arresting the disease in some and curing many incipient cases. Following are the cases as noted:

No. persons examined at clinics 4
No. new patients examined 3
No. new positive tubercular cases found..... 6
No. new suspicious tubercular cases found..... 9
No. patients whose tuberculosis has become arrested..... 6
No. positive cases now under supervision.....37
No. suspicious cases under supervision.....10

During the past year seventy-one milk licenses were issued, and of these eleven were for wholesalers, or those who buy and sell milk. At four different periods during the year samples of milk were sent in to the state laboratory for examination. The results showed a marked improvement over the record of previous years. The milk farms were inspected three times during

the year. The state milk inspector assisted in this work. The milk men with improved apparatus and cooling tanks, are producing cleaner and better milk. They were impressed with the fact that small topped milk pails of heavy tin were a great improvement over the old style wide mouthed and galvanized pails.

Many samples of milk of which the customers were suspicious, as being contaminated or adulterated were sent in for examination but in all cases, except two, the milk was found to be of standard quality and purity.

Sullivan County is closed territory against untested cattle and it is against the law to bring into this county un-tested stock. For this reason herd owners should be familar with the rules and regulations under which their herds should be kept after testing. The regulations state that from now on, the State and Federal Governments will absolutely refuse to pay indemnity on any reactors, the identity of which has not been established according to section 6 of the printed agreement. When purchasing additions you must report the ear tag number with the original owner's name, to the State Division of Animal Industry.

Respectfully submitted,

JOHN R. KELLY,
Health Officer

This amount shows in the total of the balance sheet for February.

NEWPORT PUBLIC SCHOOL SYSTEM

To the School Board and Citizens of Newport:

I am submitting, herewith this year what I believe to be the most complete statement of the financial condition of our School Department that has ever been submitted to date. I have tried to include everything concerning which questions could arise that you might have the complete facts before you. I believe this statement of facts should give everyone whatever information should be desired with reference to receipts and expenditures of the School Department.

A voucher system was inaugurated this year whereby all purchases are checked before the bills are contracted. These vouchers are posted by the Secretary of the Board, Mr. Rowell, so information is immediately available at any time as to how the accounts stand. This is as it should be, for the most important job the School Board has is to act as custodians of the School funds and in addition help to sanction the larger functions of our Educational Policies as they may arise. I say sanction, for it is left for the Educational head of the schools to formulate policies affecting educational procedure. It remains for the School Board to sanction or nullify proposed policies as in their judgment should go into effect or not go into effect.

The enrollment at the High School has decreased twenty-one since last year, but the total enrollment in the schools has decreased only seventeen. The census data on file at my office shows that we may expect the largest enrollment in the history of the Newport Schools next year, probably exceeding nine hundred fifty. We shall graduate a class of thirty-six this year from the High School. A vote of the present eighth grade was taken to find out how many are planning on going to High School next year and the entering class next year will probably number around sixty. This number with the other classes enrolled will give a school of about one hundred eighty-five pupils. Add to this the tuition pupils, and our High School en-

rollment, according to present indications, will exceed one hundred ninety pupils.

The present enrollment for the other grades is as follows:

High School		161
Eighth Grade	72	
Seventh Grade	67	
Sixth Grade	93	
Fifth Grade	84	
Fourth Grade	80	
Third Grade	72	
Second Grade	90	
First Grade	92	
		650
Guild	28	
Reed	36	
North Newport	34	
Kelleyville	17	
		115
Total		926

There are pupils in the rural schools this year who are to come to the village next year as follows:

Reed—VI Grade	4	will be in VII Grade
V Grade	6	will be in VI Grade
IV Grade	6	will be in V Grade
Guild—IV Grade	6	will be in V Grade
North Newport—IV Grade	2	will be in V Grade
Kelleyville—V Grade	5	will be in VI Grade
IV Grade	2	will be in V Grade
	31	

Part of the Reed School pupils come from the Goshen Road district, and will be carried on the East Mountain Bus.

TRANSPORTATION

Our transportation facilities are as good as any town possesses and better than those of most towns in New England. Some personal factors enter into the work creating problems which need constant regulation. Sometimes the drivers do not use the best of judgment in controlling the pupils on the buses, over whom they have as much authority as the teachers in the Schools. Sometimes pupils become unruly on the buses

and if such is the case, it should be properly controlled from three sources: from the home, by the bus driver, and from the school. Two of these sources I can control if I know the circumstances of the disturbance, namely, the driver and the school end of the work. We shall hope to get cooperation from every home having pupils riding on the buses, to urge them to ride as they would ride on any other public conveyance, as a railroad or electric cars.

By bringing all pupils above the fourth grade from each rural community to the village, enables the rural teachers to do a better grade of work with the first four grades. I have never had a pupil and few parents who deliberately wanted to go back to an eight grade rural school with one teacher after they had once attended the village grades where they have the undivided time of one teacher all day.

OUR SCHOOLS

I have had opportunity to talk with a number of people in the last few years who have come from outside the school field into it where they could observe its workings from closer range. In every case they have remarked, "I did not even imagine that so many things were necessary to run a school system, but now I can see that about so many things are necessary." One man said, "I thought about all that was necessary was a schoolroom, a teacher, some books, and a pencil and some paper, but now I see that is not all."

The reason for making the above statements is that it has been a long, hard struggle to get our schools into the condtion in which you find them today. It has not only taken hard work and hard money, but a fine spirit of cooperation on the part of the School Board and citizens. If we are careful to keep the schools on an even keel, their present condition can be maintained at a normal expense as is represented in any well ordered school system.

Our salary schedule is not high. In fact, our maximum salaries are now about the minimum salaries for some systems of Massachusetts, such as Concord, Lexington, Arlington, Waltham, Malden, and Melrose. This is why these systems send their Superintendents here each year to take teachers who posess the qualifications they are seeking. This situation is not as difficult as it may seem, for the supply of teachers for Newport is always good and we can fill the places thus made vacant.

Our chief concern is to turn out well-trained pupils who not only know the basic facts of studies taken in school, but

with "mind sets" for proper attitudes toward good citizenship. To my mind this last mentioned attribute of character is one of the most important things resulting from good associates, good schools, and good teachers. From this, it should be obvious that our schools are not run to cater to the whims of anyone, but to impartially offer educational opportunities to everyone of school age that they may be better citizens, thereby making our town a better place in which to live, and reflecting credit on our town, we hope, whenever they may change to take up their abode elsewhere.

Our Schools are Public Schools, supported by the concerted effort of all its citizens. When you make inquiry concerning details of the work going on in your schools, it is welcomed as no transaction relative to the work in our school is a secret. The schools are yours and we want you informed as to what is going on. Visit them, offer constructive criticisms, and help to make our schools better, even, than what your money is making them, for this last part, helpful attitudes, costs nothing and often brings the largest returns. Let us learn to say "Our Schools are Good Schools" and see them improve every year on wholesome attitudes. Any machinery needs oiling and re-adjusting so if you hear squeaks that we don't hear, let us know about them as this is what we mean by cooperation.

Yours for better schools,

TRUE C. MORRILL.

MISS ELLEN H. ROGERS COMPLETES FIFTY YEARS OF SCHOOL WORK IN JUNE OF THIS YEAR, 1929

Seldom does it fall to the lot of any community to pause and do honor to one of its public servants, who has given fifty years of superior devotion and attention, as Miss Rogers has, to school work within its public schools. She has given a longer continuous service within the schools of Newport than has anyone ever connected with them. She began teaching in Newport at the North Primary School at a salary of $180 per year.

Many a citizen of Newport can remember how they began school life under kindly guidance of Miss Rogers. Her refined manner and unassuming ways have made an indelible impression on many a life. The beginning of each school year has noted more applicants to enter her room than seating room would permit—a testimonial to the simplicity of her greatness.

Many a teacher who has served in a like capacity for a long time has been retained far beyond their usefulness, but not so with Miss Rogers. No teacher in the whole school system has a more apt mind or keen ability to adopt and use new ideas than has Miss Rogers, even in this, her fiftieth year of her never failing interest in her chosen work.

As a public servant, Miss Rogers can never be repaid for the faithful work she has rendered the children of Newport. Helping to build young lives in this line of work is not paid in dollars and cents. A much larger reward will radiate from all who have known her and from those who have been privileged to come under the wand of her masterful teaching. The good wishes of all who have known her are extended in wishing that she may live to enjoy boundless rewards of a well earned vacation—the TEACHER EMERITUS of Newport.
